Thanks for the response. I'll make sure you have the presentation by end of day, March 13th.

Rob

> We publish the packet 1 week prior to the meeting. I know that falls during spring break so as early as you can get it to us. We can also send it out via hotline later so could wait until Monday/early Tuesday of that week if need be. Just let us know so I know what to tell the clerk to expect. Thanks.

Hey Rob - my apologies. I just found this in my junk mail folder for some reason. I happened to have breakfast with Rob yesterday, so I assume you know we're planning on this for March 26th.

Importantly, please know if you don't hear from me promptly, it's likely I haven't seen your email. Absolutely feel free to contact me at 720-545-6262. Text or call almost always works best.

Good Morning Nuria,

I'm following up on the email below and wanted to check whether City Council would be interested in receiving a presentation on our declining enrollment engagement work.

Thank you,
Rob

Good Morning Nuria,

I hope you're doing well. When our Board of Education met with City Council last year, I recall that Council Members expressed interest in being kept informed regarding our declining enrollment work.

Beginning in March, we will launch a community engagement process to discuss the impacts of declining enrollment across the district. Over the summer, staff will develop potential school adjustment options and present them to the Board of Education in August. Board action would then be anticipated in October. These options may include school closures, consolidations, grade-level reconfigurations, and other possible adjustments.

If City Council would be interested in a presentation on this work, please let me know the appropriate process for requesting time on a Council agenda in late February or early March. I would also be glad to meet with you and your staff in advance if that would be helpful.

Thank you for your time and consideration. I look forward to hearing from you.

Best regards,
Rob
