Good Afternoon Kendra,

It was a pleasure meeting you at the New Vista engagement session.

As requested, please find the school adjustment option slides attached. We will be releasing the entire slide deck after our final engagement session next week. We are waiting to release the full deck because we want to encourage community members to attend these sessions in person.

If you have any questions, please let me know.

Thank you,

Rob

Options for Board Action

	Meets Goals?
~~**Allow schools to stay "small"**~~	✖ Does not redistribute students/resources ✖ Does not generate additional enrollment ✖ Not fiscally efficient
Introduce or expand focus programs	• Potential to redistribute students/resources • Potential to attract additional out of district enrollment • Potential to improve fiscal efficiency
Grade reconfiguration, e.g. K-2 & 3-5 or convert K-8s to elementary and middle	✓ Redistributes students • Potential to redistribute resources • Impact on fiscal efficiency is uncertain; options are fundamentally different
Relocate focus programs	✓ Redistributes students • Potential to attract additional out of district enrollment and/or generate additional resources for a school (if co-located) • Potential to improve fiscal efficiency
Consolidate two or more schools into one building (existing or new)	✓ Redistributes/consolidates students and generates more resources for the receiving school ✓ New building has the potential to retain and attract students ✓ Improves fiscal efficiency
Close one or more schools and distribute students to multiple schools	✓ Redistributes/consolidates students and generates more resources for the receiving school ✖ Does not generate additional enrollment ✓ Improves fiscal efficiency

Introduce or expand focus programs

Benefits

What are the benefits to taking this action?

- Can attract new students to the school
- Can address unmet needs in the community

Considerations

What should be considered?

- May take students from other BVSD schools, creating enrollment issues elsewhere
- School may still be vulnerable to future enrollment decline

Grade Reconfiguration

Benefits

What are the benefits to taking this action?

- Class sizes can be more consistent
- Teachers have more peers to collaborate with
- It can avoid a school closure
- Focuses age-appropriate resources
- Allows for the possible sharing of certain staff members

Considerations

What should be considered?

- Adds a transition year for the impacted students
- It doesn't change overall enrollment in these schools
- School may still be vulnerable to future enrollment decline

Relocate focus programs

Benefits

What are the benefits to taking this action?

- More efficient use of buildings
- May make focus schools more accessible to more families

Considerations

What should be considered?

- Students families and staff would potentially need to change locations
- New location doesn't guarantee success
- School may be vulnerable to future enrollment decline

Consolidate two or more schools into one building

Benefits

What are the benefits to taking this action?

- Increases school and grade level size
- Can create a sustainable school size for the long term
- Students and families are able to move to the new school together

Considerations

What should be considered?

- Requires one school to transfer students
- Loss of familiar school home for some students and families

Close one or more schools and distribute students to multiple schools

Benefits

What are the benefits to taking this action?

- Can create a sustainable school size for the long term
- Supports enrollment at multiple schools

Considerations

What should be considered?

- Loss of familiar school home for some students and families
- School communities are not able to transition to the same school, together
