Hi again! The Daily Camera is running this version of our letter to parents TOMORROW:

BVSD Parents on School Consolidation and Civic Engagement

We'll plan to share with the DAC/SACs. Please let me know if I can help with anything else!

Ours is much longer (1,400). Given that our primary audience is DAC and SAC members, we're leaning toward keeping as-is, publishing ourselves, and circulating to DAC and SACs next week. Any other ideas on publication or distribution?

and believe it will be very helpful to our efforts to get involvement from parents in our school communities... both in learning about the issue and participating in the engagement sessions.

I also share Rob's questions. What are you envisioning for distribution? I can get you in touch with the Daily Camera too, if DAC leadership wants to sign on to it... and you'd like it to be considered for an OpEd in the paper.

Well done.

(And with some work travel in between, I was just able to come back to it this past weekend.)

Given the delay on my end, I haven't shared this with DAC leadership or membership, but certainly could expand this to be from a larger group -- I'm just a little worried about trying to run through a review process now given how quickly the meetings are coming up. But please do let me know your thoughts on that, too.
