Ok, so specifically, the potential opportunity for a building to be utilized by a community partner is not a factor in any decision making? Are you aware of these meetings the district has had regarding potential future use?

Jenna

Hi Jenna,

As you know, our process is to include Randy Barber in any media requests so I am cc-ing him in this email.

Any decisions the Board will make regarding school closures and consolidations will be based on feedback from the community engagement sessions, our commitment to provide high-quality educational opportunities and experiences for students and staff, and our obligation to manage District resources wisely.

Best,

Nicole Rajpal
President, BVSD Board of Education

> Hi Nicole - Reaching out to you as an elected member of the board, with independent oversight of the district. Wondering what you think about the fact that the district has been meeting with community partners to discuss the use of school buildings, and whether any interest from community partners to make use of buildings will play into the decisions you make around consolidation.
