Defining the path forward: A Strategic Community Engagement Plan for Resilient Schools

Tonight’s Presentation

BVSD is entering a challenging but important period of planning for the future of the district.

- Limited resources are stretched across a growing number of under-enrolled schools.
- Emerging inequities are deepening, impacting programming, staffing, and student opportunities.
- Preserving the high-quality educational experience our students deserve will require systemwide adjustments.
- Our focus now is on listening, learning, and engaging our community before any plan is developed.

Our Shared Values

A Community for All: Superior is a vibrant, inclusive community where all people are valued, diversity is celebrated, and both residents and businesses are empowered to shape their shared future. (Town of Superior Comprehensive Plan 2025)

BVSD stands as a leader in academic excellence with outstanding educators, exemplary schools, and programs that support all students in achieving their potential. We strive to create spaces where all students feel valued and included in their learning environment.

Points of Pride

Defining Goals

Future decisions should:

- Maintain and improve learning outcomes for all students
- Distribute students so all schools have the right level of students/resources to maintain high-quality learning experiences
- Stabilize overall enrollment by retaining current students and attracting new students to the district
- Maximize all efficiencies to address ongoing fiscal challenges

School Adjustment Options
~~Allow schools to stay "small"~~
Introduce or expand focus programs
Grade reconfiguration, e.g. K-2 & 3-5 or convert K-8s to elementary and middle
Relocate focus programs
Consolidate two or more schools into one building (existing or new)
Close one or more schools and distribute students to multiple schools

The Path Forward:
Our Community
Engagement
Commitment

What Engagement Will and Will Not Do

Engagement will:

- Build understanding of the problem
- Gather input on values, priorities, and tradeoffs
- Inform development of school adjustment options and Board of Education decision making

Engagement will not:

- Guarantee preservation of specific schools
- Delay action
- Transfer decision-making authority away from the Board of Education

Community Engagement Structure

Notes:

1. Projected enrollment in Lafayette and Erie is currently stable and will be monitored. Timing and format for engagement sessions in Lafayette and Erie may differ based on their enrollment. Potential impact to enrollment in these areas will be considered in the development of school adjustment options in other areas.
2. Per the Elementary School Metrics, due to their unique geographic circumstances, mountain schools require differentiated decisions and are not being considered for school adjustment options at this time.

Community Engagement Overall Process

Phase 1: Preparation (January-February 2026)

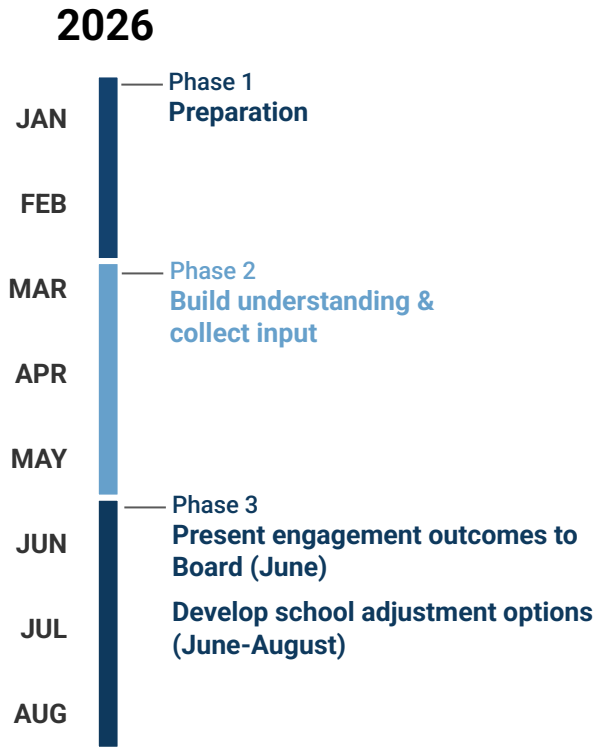

- Engage principals and teachers
- Orientation sessions with Board and Superintendent advisory committees
- Begin to engage with municipalities

Phase 2: Build understanding of the problem and collect input (March - May 2026)

- Regional community group meetings and stakeholder specific sessions

Phase 3: Develop school adjustment options (June - August 2026)

- Present summary of community engagement to Board (June)
- Staff to develop facility planning options (June-August)

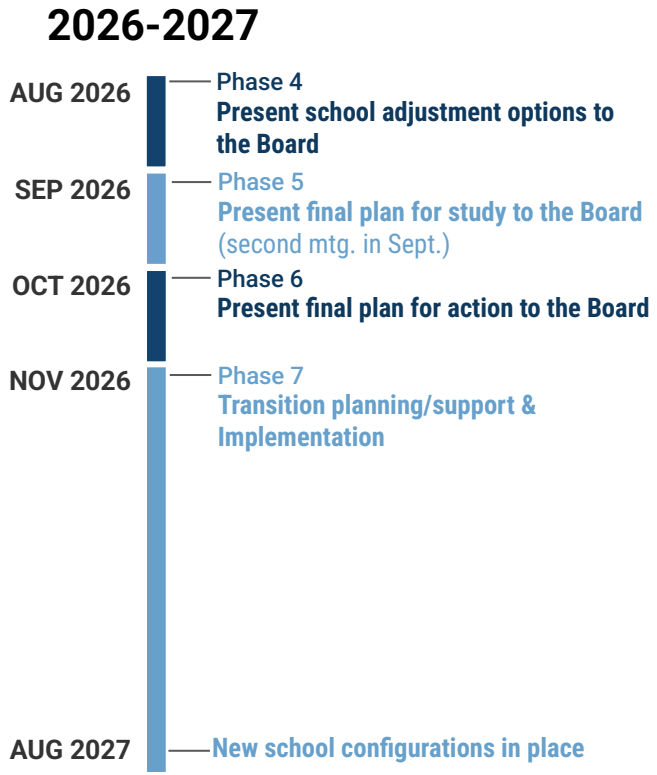

Community Engagement Overall Process (continued)

Phase 4: Present school adjustment options to the Board (August 2026)
- Board's opportunity to discuss options
- Opportunity for community input during public comment

Phase 5: Present final plan for study to the Board (September 2026)
- This will include updated attendance boundaries, open enrollment preferences, analysis of facility improvements required (if any), etc.
- Opportunity for community input during public comment

Phase 6: Present final plan for action to the Board (October 2026)
- Necessary for BVSD open enrollment timeline Nov. 1 - early January 2027

Phase 7: Student / Staff Transition Planning & Support (Nov. 2026 - Aug. 2027)
- Enrollment specialists to provide direct support to impacted families throughout the enrollment process
- Support impacted staff and families with transition
- Plan for implementation
- Facility real estate process if needed

Demographics are not a problem to solve, they are a reality to plan for together.

As Superior advances its vision of “A Community for All,” and BVSD sustains its commitment to be “All Together for All Students,” both are shaped by the same demographic trends.

Strong neighborhoods and resilient schools depend on shared awareness, shared planning, and shared stewardship.

Our Ask

As we engage the community in conversations about systemwide adjustments — including potential consolidation, closure, or programmatic changes — we ask for municipal partnership in supporting a thoughtful, transparent, and community-centered process.

This includes:

- Participating in engagement opportunities alongside residents
- Recognizing the long-term connection between school sustainability and community vitality
