Meeting Overview

- Declining Enrollment: Enrollment in Boulder Valley School District projected to decline by 1–1.5% annually through 2029, affecting program quality.
- Elementary Capacity Issues: Elementary schools operating at about 65% capacity, with an excess of 35%. This forces operational changes like multi-age classrooms.
- Impact of School Choices: 35-42% of students attend schools outside their neighborhood zones, resulting in enrollment disparities and complicating planning.
- Potential School Reconfigurations: Five strategic options discussed, including consolidating schools, expanding focus programs, and reorganizing grade levels to balance resources.
- Need for Community Engagement: Engage communities early and transparently to define problems and explore acceptable options. Collective input is vital.
- Timing & Next Steps: Planning and community engagement to start in early 2026, with focus on maintaining academic progress and equity goals.
