Hi there, I'm not sure who to talk to about this.

Jonathan Wolfer is asking me about the "closure day" on Feb 6 at Douglass, and how to handle absences and other timekeeping items.

I wasn't aware of this closure!

First, who would approve a one-school or multi-school closure (vs whole district), and second, is there any communication that goes out, and third, can I be included on that communication??

I would assume that even if a closure is limited to one or a handful of schools, we would treat it the same as a district. Correct?

Thanks for any assistance you can provide!
